PRESS RELEASE

The Rock Island County Office Building will re-open to the public on June 1, 2020. Also opening to the public on June 1, 2020 will be the County's Animal Control Facility and the County's Highway Department.

Upon re-opening to the public, these County facilities will utilize increased protective measures to safeguard the welfare of citizens and employees, which include additional cleaning and sanitation of all touchpoints, practice of social distancing, and requiring all employees and citizens entering these county facilities to wear a face-covering. As some citizens may prefer to continue to limit exposure to public spaces, options that were put in place to access services and make payments online, remain available.

Questions should be referred to the county administration office at (309) 558-3615.
